

# VACUUM PUMP

## ปั๊มสุญญากาศ

**MODEL : AS20**

### Application field

1. For home vacuum package, vacuum article store.
2. Vacuum products machining, craft producing, air condition and so on.
3. For medicament, environment protection, laboratory and other industrial equipment.

### Features

1. Oil less, piston type, no air polluted.
2. The vacuum gauge can show the vacuum degree when vacuuming.
3. Low noise

### Specifications

1. Power: 1/6 HP
2. Voltage: 220-240V/50HZ; 110-120V, 220V/60HZ
3. Vacuum Rate: 600mmHG
4. Air input per min./litres: 20~23L/min
5. Fitting: manometer; air let-in valve; handy carrying handle
6. Connections: with connection 1/8" BSP
7. Net Weight: 4.0KG
8. Dimension: 245X135X170mm
9. Package:
10. Carton Dimensions (CM): 43x26.5x38.3; 6pcs/CTN
11. N.W/G.W.: 24/26Kg
12. Certificate: CE, GS, ETL, CETL
